The Brazil theme is perfectly respected :) Colored and funny i love it ! ;). Another country pack nice blend of colors. There's too much DLC for this game, it's exploitative.. they could have made a texture with a jaguar (the symbol of our army), the independence or death painting with an imperial flag ( [https://en.wikipedia.org/wiki/Independence\\_or\\_Death\\_\(painting\)](https://en.wikipedia.org/wiki/Independence_or_Death_(painting)) ) or [a 14-bis with Alberto Santos Dumont.... no, they freaking did a random soccer player...](#)

[despite the random soccer player, I do recommend this DLC, as the macaw and flag ones look cool](#)

[now only if SCS could make a second paint DLC or add these to ATS... \(without the random soccer player\). Good paintjobs](#)
